

Las dos Lunas

Beyond Beauty

Since 1981

Las dos Lunas symbolizes prestige and charm. Faithful to its Italian roots and Mediterranean philosophy, it achieves a unique harmony through the beautiful garden-terrace that, combined with an exquisite cuisine will transport you to a dream like paradise.

Established in a century-old Ibiza antique shop, it is one of those magical places that by virtue of its elegance and consistency, has withstood the test of time and helped make the White Isle famous worldwide.

A true Ibiza gastronomic institution that seduces all the senses.

MEDITERRANEAN CUISINE

Irresistible flavors of a traditional Italian cuisine obtained by the selection of the finest ingredients, home-made pastas and the cultivation of its own kitchen garden. Bread and focaccia are baked fresh daily in the wood fired oven that's strategically set in a corner of the patio.

From Mick Jagger to the King of Spain, from Supermodels and Presidents to Nobel Prize winners, all have experienced the utterly charming ambience and gastronomy of this Ibiza classic.

AN OASIS OF PLEASANT RHYTHM

High protective stone walls hide this oasis that flourishes under a peaceful and delightful rhythm. Including ample parking at the doorstep, you will find it in the heart of the island on the road to San Rafael – conveniently located within walking distance to both Privilege and Amnesia.

Glamorous and iconic, Las dos Lunas is the most fascinating setting to celebrate unique moments as events or weddings while enjoying an unforgettable experience on the island.
